## DATA SCIENCE / MACHINE LEARNING

# CURE

## INTELLIGENCE

### ABOUT US

CURE Intelligence helps its clients make smarter decisions and communicate more effectively by combining analytics and marketing. We stand for expertise in media monitoring and analysis, data intelligence and social media marketing. Founded in Luxembourg in 2009, CURE is an ambitious company with an international team of 45 employees and renowned clients in Germany, Luxembourg, Brazil, Canada and the US, among others. The special quality of our analytical service, on which we place the highest value, is the basis for our success.

We are looking for internet-savvy, reliable and committed interns (m/w/x) for a duration of twelve weeks (full time) at our office in Luxembourg (Grevenmacher).
